LENEVA PRINCESS HOLLI x - This heifer was calved from a cow which was my first 4-H Shorthorn heifer project. She is an extremely well-developed heifer, standing on strong feet and legs. She did very well while on the show circuit. She is the half sister of one of the top selling heifers at last year's Winchester Sale. She was pasture bred to Aberuchill Nugget, a deep, thick, and well-quarterd bull. This combination should offer an exceptional opportunity to upgrade your herd.
